## Release for Severely Matted Pets

Every effort is made to protect your pet's skin and coat while removing the hair on a matted pet. The safety and comfort of your pet is Bubbles to Bows top priority. A pet's coat that has not been attended to for a long period of time, (more than 3 months), may become extremely sensitive and incur clipper marks, abrasions, rashes, nicks, itchiness or redness. Shaving extremely matted ears might also encourage head shaking causing hematomas.

You as the owner, agree to in no way hold Bubbles to Bows responsible for any problems resulting from the grooming of your matted pet. Additional charges on top of regular grooming fees apply to dogs that are extremely matted.

## Behavioral Issues

Bubbles to Bows reserves the right to refuse service on some pets, if the groomer feels your pet will be best served in a veterinary facility, they will let you know immediately.

Additional charges will be set in accordance with their behavior, if groomer spends more time than expected.

In the grooming process, every effort is made to make your pet as comfortable as possible. we do not muzzle or restrain your pet unless completely necessary. No sedatives are used.

We do not groom dogs that bite. If the dog is behaving badly, the groom will not continue and 50% of the grooming price service fee will be charged to you.

## Fleas/Ticks

If your pet has an infestation of fleas and or ticks, you will be charged an additional fee for parasite control and for the van to be cleaned and disinfected between clients to ensure contamination does not occur.

## Complaint Procedures/Unresolved Issues
